4. Is there anything else you would like to share with us about the school development plan?

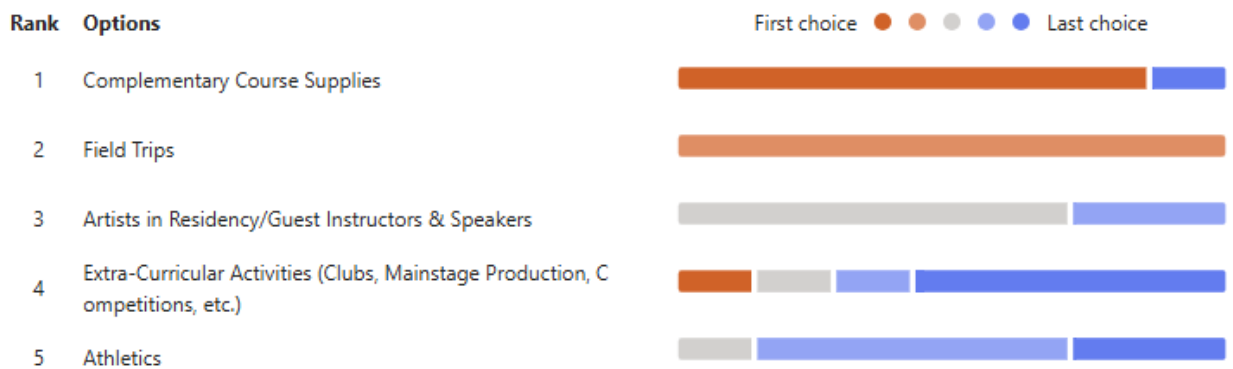

No

Nope, looks good.

I appreciate that the different skill levels of all children are addressed in the goals to make sure every student can be successful.

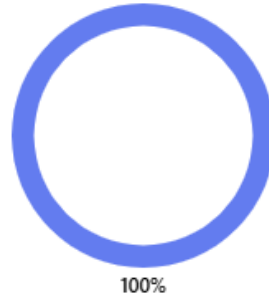

Thank you for the wonderful work the school's administration and teaching teams do at the school. My student has had a really great experience at ALS. My student has ADHD and several SLD's and I've always felt my student is supported and I feel my concerns as a parent have been heard. The complimentary courses have been out of this world! So thankful for the "extra" things my student has got to do (camping trip in grade 8, sailing trip in grade 9).

8. Is there anything else you would like to share with us about school fees?

No

I appreciate the variety of options, field trips and experiences offered to my child at ALS. I am happy to pay for these options when applicable. The many opportunities he has outside of his core courses has really enhanced his life and learning opportunities.

I am happy to pay extra for school fees. Alberta school's receive little financial support from the province and certainly make a \$ stretch. If the school has the desire and the teachers have the capacity to offer complimentary courses, field trips etc., I'm all for that.
